

Why West Virginia will choose Trump this year

Trump will be our vote this year,
He will help us with our economy here,
In favor of him speaks his own career,
What Clinton wants is really unclear.

Even from the Democrats Clinton doesn't get her votes,

With pointless slogans she promotes,

"Stronger together" is all she quotes,

Nobody wants Clinton's face on the banknotes.

So Trump would have thousands of those,

Clinton is someone nobody follows,

Trump says serious things and Clinton only blows,

That's a fact everybody knows.

So the best for us will be Trump,

As he is obviously not a chump,

Clinton is somebody we should dump,

Towards her everybody will turn down their thumbs.

Trump isn't ordinary, no complain,

But we would be glad to see him reign,

We should use our brain

And let him "Make America Great Again"!
